Situation Report for May 22, 2011

Hazardous Weather Outlook

HAZARDOUS WEATHER OUTLOOK
NATIONAL WEATHER SERVICE BILLINGS MT
408 AM MDT SUN MAY 22 2011

MTZ028>042-056>058-063>068-WYZ098-099-231015-
SOUTHERN WHEATLAND-MUSSELSHELL-REASURE-NORTHERN ROSEBUD-CUSTER-
FALLON-NORTHERN STILLWATER-YELLOWSTONE-POWDER RIVER-CARTER-
SOUTHERN BIG HORN-EASTERN CARBON-NORTHERN PARK-
NORTHERN SWEET GRASS-GOLDEN VALLEY-RED LODGE FOOTHILLS-
NORTHERN BIG HORN-SOUTHERN ROSEBUD-JUDITH GAP-PARADISE VALLEY-
LIVINGSTON AREA-BEARTOOTH FOOTHILLS-ABSAROKA/BEARTOOTH MOUNTAINS-
CRAZY MOUNTAINS-NORTHEAST BIG HORN MOUNTAINS-SHERIDAN FOOTHILLS-
408 AM MDT SUN MAY 22 2011

THIS HAZARDOUS WEATHER OUTLOOK IS FOR PORTIONS OF CENTRAL
MONTANA...SOUTH CENTRAL MONTANA...SOUTHEAST MONTANA AND NORTH
CENTRAL WYOMING.

.DAY ONE...TODAY AND TONIGHT

RAIN WILL CONTINUE OVER THE PLAINS TODAY...HEAVIEST OVER FALLON
AND CARTER COUNTIES...WHILE THE CONTINUOUS RAIN TURNS TO
SCATTERED SHOWERS BY AFTERNOON ELSEWHERE.

TRAVELERS SHOULD CHECK ROAD REPORTS FOR POSSIBLE CLOSED ROADS DUE
TO FLOODING ISSUES ACROSS THE REGION.

NUMEROUS CREEKS...STREAMS AND RURAL CULVERTS ARE FLOODED ACROSS
THE REGION AND RESULTING IN WATER OVER ROADWAYS AND WASHED OUT
ROADS. PEOPLE TRAVELING IN RURAL AREAS SHOULD USE EXTREME CAUTION
AND NEVER ATTEMPT TO CROSS WATER COVERED ROADS. RESIDENTS NEAR
STREAMS AND CREEKS SHOULD BE PREPARED TO MOVE TO HIGHER GROUND.
IN ADDITION...MAIN RIVERS WILL BE RISING THE NEXT FEW DAYS WITH
SOME FLOODING EXPECTED.
.DAYS TWO THROUGH SEVEN...MONDAY THROUGH SATURDAY

FLOODING ISSUES MAY BE SLOW TO IMPROVE IN SOME AREAS AS THE WEATHER PATTERN REMAINS SOMEWHAT UNSETTLED THROUGH MIDWEEK. SCATTERED SHOWERS AND EVEN A FEW THUNDERSTORMS MAY KEEP LOCAL WATER LEVELS RUNNING HIGH. TRAVEL ACROSS RURAL AREAS SHOULD BE DONE WITH EXTREME CAUTION. NEVER ATTEMPT TO CROSS WATER COVERED ROADS. IN ADDITION...MAIN RIVERS WILL BE RIDING THE NEXT FEW DAYS WITH SOME FLOODING EXPECTED THOUGH AT LEAST MID WEEK.

.SPOTTER INFORMATION STATEMENT...

WEATHER SPOTTERS ARE ENCOURAGED TO REPORT SIGNIFICANT WEATHER CONDITIONS ACCORDING TO STANDARD OPERATING PROCEDURES.

Flood Watch

FLOOD WATCH
NATIONAL WEATHER SERVICE BILLINGS MT
1035 AM MDT SUN MAY 22 2011

1035 AM MDT SUN MAY 22 2011

...FLOOD WATCH REMAINS IN EFFECT UNTIL 6 PM MDT THIS EVENING...

THE FLOOD WATCH CONTINUES FOR

* PORTIONS OF MONTANA AND NORTH CENTRAL WYOMING...INCLUDING THE FOLLOWING COUNTIES...IN MONTANA...BIG HORN...CARBON...
   CARTER...CUSTER...FALLON...MUSSELSHELL...POWDER RIVER...
   ROSEBUD...STILLWATER...SWEET GRASS...TREASURE AND YELLOWSTONE. IN
   NORTH CENTRAL WYOMING...SHERIDAN.

* UNTIL 6 PM MDT THIS EVENING

* 2 TO 5 INCHES OF RAIN HAS FALLEN ACROSS MOST OF THE AREA SINCE THURSDAY...WITH LOCALLY UP TO 6 INCHES. ADDITIONAL RAINFALL AMOUNTS AROUND 0.25-.50 INCHES CAN BE EXPECTED EAST OF BILLINGS THROUGH
THIS AFTERNOON.

* EXPECT CONTINUED RISES ON ALL CREEKS AND STREAMS ACROSS THE AREA OVER THE NEXT 24 TO 36 HOURS WITH FLOODING REMAINING TO BE LIKELY ACROSS MANY AREAS. LARGER RIVERS WILL RISE AS WELL WHICH WILL CONTINUE OVER A LONGER PERIOD AS THE SMALLER TRIBUTARIES FEED INTO THEM. RESIDENTS NEAR STREAMS AND RIVERS SHOULD REMAIN ALERT FOR POSSIBLE FLOODING AND SEEK HIGHER GROUND IF HIGH WATER IS ENCOUNTERED.

PRECAUTIONARY/PREPAREDNESS ACTIONS...

A FLOOD WATCH MEANS THERE IS A POTENTIAL FOR FLOODING BASED ON CURRENT FORECASTS. MONITOR THE LATEST FORECASTS AND BE ALERT FOR POSSIBLE FLOOD WARNINGS. THOSE LIVING IN AREAS PRONE TO FLOODING SHOULD BE PREPARED TO TAKE ACTION SHOULD FLOODING DEVELOP.

Flood Warning

FLOOD WARNING
NATIONAL WEATHER SERVICE BILLINGS MT
733 AM MDT SUN MAY 22 2011

MTC065-111-240100-
/O.NEW.KBYZ.FA.W.0019.110522T1333Z-110524T0100Z/
/00000.0.ER.000000T0000Z.000000T0000Z.000000T0000Z.00/
MUSSELSHELL MT-YELLOWSTONE MT-
733 AM MDT SUN MAY 22 2011

THE NATIONAL WEATHER SERVICE IN BILLINGS HAS ISSUED A

* FLOOD WARNING FOR SMALL STREAMS IN...
  EASTERN MUSSELSHELL COUNTY IN CENTRAL MONTANA...
  YELLOWSTONE COUNTY IN SOUTH CENTRAL MONTANA...

* UNTIL 700 PM MDT MONDAY

* AT 717 AM MDT FLOODING WAS REPORTED IN PORTIONS OF EASTERN MUSSELSHELL AND EASTERN AND SOUTHERN YELLOWSTONE COUNTIES. 2 TO 5 INCHES OF RAIN HAS FALLEN OVER THESE AREAS SINCE THURSDAY RESULTING
IN FLOODING OF CREEKS AND STREAMS IN ADDITION TO FLOODING OF LOW LYING AREAS IN HILLY TERRAIN. ADDITIONAL PRECIPITATION TODAY WILL BE LESS THAN HALF AN INCH BUT WILL CONTINUE TO PRODUCE FLOODING ACROSS THE AREA.

* FLOODING HAS BEEN REPORTED ON FATTIG CREEK IN EASTERN MUSSELSHELL COUNTY WITH WATER REPORTED TO BE RUNNING OVER FATTIG CREEK ROAD IN SPOTS.

* PRYOR CREEK NEAR HUNTELY IS REPORTED TO BE OUT OF ITS BANKS WITH WATER SPILLING OVER A DIKE IN A LOW LYING AREA OF HUNTELY. FLY CREEK NEAR POMPEYS PILLAR IS REPORTED OUT OF ITS BANKS AND FLOODING A ROADWAY LEADING INTO TOWN. COUNTY OFFICIALS INDICATE THAT PRYOR CREEK ROAD IS CLOSED AT MILE MARKER FIVE...AS IS THE INTERSECTION OF PRYOR CREEK ROAD AND BLUE CREEK ROAD.

* FLOODING HAS BEEN REPORTED ON BLUE CREEK IN THE BRIARWOOD AREA NEAR BILLINGS. SEVERAL HOMES AND STRUCTURES HAVE BEEN SURROUNDED BY WATER ON AVIEMORE COURT. VOLUNTARY EVACUATIONS ARE IN EFFECT FOR THIS AREA. THE BRIARWOOD GOLF COURSE HAS ALSO BEEN INUNDATED WITH WATER. FLOODING HAS BEEN REPORTED ALONG DUCK CREEK AS WELL.

THIS FLOOD WARNING REPLACES THE PREVIOUS FLOOD WARNINGS FOR SOUTHERN AND EAST CENTRAL YELLOWSTONE COUNTY.

PRECAUTIONARY/PREPAREDNESS ACTIONS...

EXCESSIVE RUNOFF FROM HEAVY RAINFALL WILL CAUSE ELEVATED LEVELS ON SMALL CREEKS AND STREAMS...AND PONDING OF WATER ON COUNTRY ROADS AND FARMLAND ALONG THE BANKS OF CREEKS AND STREAMS.

DO NOT DRIVE YOUR VEHICLE INTO AREAS WHERE THE WATER COVERS THE ROADWAY. THE WATER DEPTH MAY BE TOO GREAT TO ALLOW YOUR CAR TO CROSS SAFELY. MOVE TO HIGHER GROUND.

TO REPORT FLOODING...HAVE THE NEAREST LAW ENFORCEMENT AGENCY RELAY YOUR REPORT TO THE NATIONAL WEATHER SERVICE FORECAST OFFICE.
**Flooding**

*Crow Tribe (Big Horn County)*
- Significant increase in water flow in Big Horn and Little Horn Rivers
- Bureau of Recreation has decreased outflow from Yellowtail Dam from 8100 CFS to 3500 CFS
- Many roads flooded throughout the Crowe Tribe and Big Horn County
- Shelters have been opened at Crowe Agency College and Elementary School
- Evacuations from Pryor area, Lodge Grass and Wyola
- Crowe Tribe will probably submit an Emergency Declaration Monday or Tuesday to MT. DES
- They are currently requesting National Guard for evacuations
- National Guard has been notified and preparing to deploy

*Stillwater County*
- All roads in county restricted to residential travel only
- County road crews are conducting reviews and necessary repair to roads as needed
- NWS predicting that rivers to remain high and snow melt will increase water levels
- Doing Emergency Declaration

*Ft. Belknap*
- Many roads are flooding (Hwy. 66 north of Hayes water over roadway)
- Only south bound travel from Hayes and Lodgepole are safe
- Incident Command Center activated
- Post Office in Hayes is flooded
- Shelters open in Lodgepole and Hayes
Judith Basin County

- Declaration made due to flooding
- South Fork of the Judith River water level high and Forest Service has closed road
- Several county roads are eroding

Fergus County

- Several roads have been eroded or washed out
- Several bridges are at risk
- Emergency services have been interrupted or delayed due to road closures
- East Fork dam has reached the spillway and Spring Creek is rising
- Residents along Spring Creek may be notified

Carter County

- Box Elder Creek over banks and possibly reached 100 year flow
- Some homes have been evacuated
- 6 to 7 inches of rain since Wednesday

Dawson County

- River at fishing access site is extremely high

Carbon County

- Fatality reported due to fast moving water
- Cooney Dam water is over top of the concrete spillway and approximately two feet from the emergency spillway

Prairie County

- Bridge out
- Possible Tornado touchdown 8-miles south of Terry (property damage)
Billings

5-20-11 - 11:50 AM
**On Secondary 384 at MM55.8** there is water over the roadway due to heavy rain. At this point it is 2-3” deep. Signage is in place and the road continues to be open. This Secondary Road runs South off of I-94 about MM71.

5-20-11 – 2:50 PM
**Highway 212 between Boyd and Joliet, MM88-89** the potential for flooding exists due to the sheer volume of water near the roadway. At this point water has not gone across the Highway but it is to the edge of the road and being monitored. Water on Road signs have been set in place just in case. In the entire Red Lodge area WATCH FOR POTENTIAL OF WATER RISING RAPIDLY AND FLASH FLOODING ON THE ROADWAYS. **At 5-21-11 7:09 PM** On HWY 212 MP 86-91 the water has been cleared up and the signs have been removed.

5-20-11 – 7:35 PM
**Highway 87 –Stockman Dam** – Tim Thennis called to let us know that the county DES called their office to report that the Dam may breach. The DES County contact stated that they had talked to someone in Lewistown. Tim did not know who. Tim said that it was on watch and wanted to make sure that we had a heads up on the area in case the dam breached.

5-20-11 – 7:43 PM
I called Doug Lutke and left a message to let him know about the information I received on the Stockman Dam on Highway 87.

5-20-11 – 9:11 PM
Ginny from the Billings office called to report the Stockman Dam did fail and we have water over the road. Crews are out there signing and warning the travelling public. Talked to Doug at 9:14 pm and he stated that the water was beginning to recede after the initial push of water from the dam breaking. Crews are continuing to monitor.

5-20-11 - 10:02 PM
Water over the road on Highway 87 - Stockman Dam is clear and signs are being taken down.

5-20-11 9:13 PM
Tim Thennis from DES called to let me know that he was notified that the stockman dam had breached. I called Tim back to let him know that we were aware of it and had responded.

5-20-11 – 3:05 PM
**I-94 Off Ramps Only at MM63** are CLOSED due to 8” of water on Off Ramps. They have Barricades up and local traffic is allowed thru. On Ramps and I-94 are open for normal traffic. Local traffic continues to be allowed thru.
Randy said only one rancher lives off that road and there is no traffic. It is where we put the new culvert in last year and was built just for semis to get thru to that one ranch. No reason to do a closure on it.

5-20-11  -7:30 PM
**MT 78 at MP 3.7** there is flooding due to rain. The water is flowing over the road and there are sign in place to warn the travelling public

5-20-11-  10:10 PM
**MT 78 at MP 3** there is now 4 to 5 inches of water on the road. At 10:45 PM, the water has receded some. Currently no detour will be needed. Crews will continue to monitor.

5-21-11 7:38 PM **Update**: On MT 78 MP 3-3.7 the water has cleared and the signs have been removed.

5-21-11 1:15 AM
**Secondary 313 just South of Hardin**, there is water on the road due to the heavy rain. MP 10–11, 4 to 6 inches of water on the road, MP17, 4-6 inches for 150 yards and MP 20.5, two inches for 100 yards. DOT personal are putting up sings and lights for traffic

5-21-11 3:56 AM
**Secondary 463 west of Lodge Grass** there is water on the road due to the heavy rain at MP3 and MP3.5. Dot personnel put “water on the road’ signs and will continue to monitor.

5-21-11 4:00 AM
**Old Hwy 87 about 1 mile north of Garryowen in Big Horn County**, there is water on the road, dot personnel put signs to warn travelling public.

5-21-11 4:03 AM
**Secondary 418 – Pryor Creek Road**. MP10 to MP 11 there is water on the road. Dot personnel are monitoring

5-21-11 4:13 AM
**Secondary Highway 384 Sarpy Creek Road** at MP 5 there is water on the road. DOT personnel put up signs. Road is narrowed to one lane. **5-22-11 5:32 AM** The water has receded at this location and both lanes are open. The Water on the Road signage has been removed

5-21-11- 4:21 AM
**Secondary 451 at MP 9 – 10 North of Lodge Grass in Big Horn County** is closed due to water on the road from the heavy rain. A detour is in the process of being established.

5-21-11 4:58 AM
**Secondary 451 north of Lodge Grass in Big Horn County** has water on the road at MP 10. The road is closed. Barricades are being erected at Garryowen on the north end and Lodge Grass on the south end. Local traffic will be allowed from each end, but through traffic is being detoured to Interstate 90.
5-21-11 8:20 AM
**Secondary 451 north of Lodge Grass in Big Horn County**
Secondary 451 between Garryowen and Lodge Grass has been reopened. There is still water on the highway at MP 10, but it is receding. Signs are still in place and motorists should use caution.

5-21-11 – 8:00 AM
**S384 – MP 47 South of Hysham** crews have reported 6 inches of water on the shoulder of the road and 2 inches on the center line. They are putting signs up to warn travelers and will continue to monitor.

5-21-11 – 9:23 AM
**87 E and MM1 in Lockwood** is having an off and on again issue with a culvert filling up creating water on the road way. Traffic can get thru be aware of the flooding potential.

5-21-11 4:53 PM
**N. Frontage Rd (X490303) 7 miles East of Big Timber** has water over the roadway. It is signed and crews are continuing to monitor.

5-21-11 10:30 AM
**S-418 at the Intersection w/Blue Creek Road** has about 6 inches of water going over the road. It is signed and manned at this time with closure to low profile vehicles. High profile vehicles such as truck and SUV’s are being allowed thru with permission.

5-21-11 – 3:52 PM
**Secondary 313 just south of Harding MP 18-25** is closed due to flooding. There is no detour in place. DOT personnel will be on scene to try to provide transportation to local traffic. 5-22-11 – 8:40 AM Correction: This closure is from MP 11 to MP 25. It is still in place because of several areas of deep water on the road especially near St. Xavier at MP 23. There are barricades and workers on each end of the closure to monitor through traffic and stop others from traveling this road. There are no roads to detour traffic.

5-21-11 4:53 PM
**On Secondary 418 (also known as Blue Creek or the road to Pryor)** at MP 3-4 there is about 6-10 inches of water on the road. There are signs up and DOT personal on the scene.

5-21-11 6:00 PM
**On Secondary 418 (also known as blue creek or Pryor Road) from MP 3.7 to Pryor** the road is closed due to flooding. Emergency personal will be able to get through. There are several county roads to take but no specific detour is in place. 5-22-11 12:49 AM . The water has receded some and traffic is now getting through at a reduced speed. Signage is still in place to warn of water on the road. **Update on S-418 1:24 AM:** There is still 4 to 6 inches on the road. There are barricades at MP 4 and MP 10 with crew members talking to traffic as they are being let through to advise they need to proceed with caution.
5-21-11 8:12 PM
**On Secondary 463, runs through the town of Lodge Grass,** has water on the road at MP .9. DOT has personal and signage on the scene redirecting traffic around this small area of road.

5-21-11 9:56 PM
**I-90 from Hardin to the Wyoming State Line** will be closed due to flooding in Hardin and Lodge Grass. DOT personal is on scene and preparing to get barricades in place. I will update with more information as it comes in.

5-22-11 2:15 AM
**MT-47; MP 6 to MP 7; North of Hardin** Water is flowing across the road due to flooding from heavy rain. The water flow is between two and three inches deep and spanning a width of approximately 200 feet. Signage is in place advising the public of water on the road and at this time traffic is being allowed through.

5-22-11 3:22 AM
**S-314; MP 0 to MP 44; WY/MT State line to the Jct with US-212** there is water 3 feet deep crossing the road at two locations between MP 14 and 16. The flooding is from heavy rain being received in that area causing two creeks to overflow. There is no place to detour traffic so traffic is being stopped and diverted at the Jct with US-212/S-314 and north of Ranchester, Wyoming. Wyoming has shut the gate north of Ranchester and put a Road Closed message on one of their VMS boards for people heading north to the Montana State line. There is a BIA officer diverting traffic at the US-212/S-314 junction.

5-22-11 8:45 AM
**Secondary 384 at MM 55.5 one and a half miles South of I-94 (MM70) is CLOSED** due to a foot over water going over the roadway. This is a cut across road from Miles City to Hardin that the locals mainly use. This road has very little traffic. This roadway is also not on our road traveler map.

**Butte**

5-20-11 – 12:28 PM
**MT 48** will be closed effective today until Monday morning, May 23, 2011 due to railroad crossing work being done by Burlington Northern and Santa Fe railroad. All traffic is being informed MT 48 is closed to traffic, used 273.

**Lewistown**

5-20-11 – 3:05 PM
**On US-87 (C-000087) East of Lewistown, MP-88.0 (on the west side of the Divide)** They have a slide area that has begun to move again. Expected to be caused by the saturated soils and additional moisture they have received. The slide area is in the east bound lane, is about 155 feet long and the cracking goes in an arc from shoulder to centerline and back. So far the road
has about an inch of drop at the crack, and the sag of the slide is anywhere from a few inches up to near a foot in the middle at the shoulder.

This is a site that they have been monitoring for some time, and it requires leveling work periodically. They will continue to monitor the site and they have it signed at this time.

5-20-11 – 9:11 PM
191 north outside of Hilger has about an inch of water running across it. This is a normal flood area when they receive a lot of rain. The crews are signing and warning travelers of the water on the road.

5-21-11 – 6:29 AM
US 191 about 10 miles north of Lewistown is closed due to a sinkhole at MP 10.1. The bridge over Warm Spring Creek near the Junction of Hwy 81 is getting hit with heavy water flows. A detour has been set up suing the Denton cut across road (a county road south of the bridge to hwy 81 and then east on hwy 81 back to hwy 191. At this time MDT personnel are flagging the roadway. And road closed barricades are in place. MDT is at scene and will continue to work on a repair to get it reopened.

5-21-11 - 10:35 AM
US87/MM22 just North of S244 has 3 inches of water going over the road. It is being signed and crews are continuing to monitor.

5-21-11 – 12:37 pm
S244 So of Winnett Between MM 12 & 13 has water over the road. Area is signed and crews will continue to monitor. At 5:23 pm put up 35 MPH signs in area. 5-22-11 at 4:22 AM Water has receded and no longer crossing the road. Signage has been removed

5-21-11 4:30 pm
On HWY 87W (also known as MT 200) at MP 111 there is about 2 inches of water on the road for forty feet. There are signs in place

5-21-11 4:32 PM
On HWY 19 at MP 62 there is about 3-4 inches of water on the road for about 100 feet. There are signs in place.

5-21-11 6:07 PM
On 191 N at MP 118.2 there is about 3-4 inches of water on the road for 200 feet. The water is coming in fast and this may get higher rapidly. DOT personal has signs up and will monitor the situation. 5-22-11 9:00 AM - Preliminary report - water has receded at this location.

5-21-11 6:25 PM
On HWY 191 N at MP 37.9 (Roy Area) there is a bridge that has water flowing over it. The signs are being put in place. 5-22-11 5:17 AM There is still water flowing over the road at this
location, but it is receding. They are leaving the signs up until water completely quits crossing the road.

**Havre**

5-21-11 6:48 PM  
**On MT 66 at MP 0, right at the DY Junction**, the road is closed due to flooding. Barricades are being put in place. No detour is in place.

5-22-11 7:09 AM  
**MT 66 at the bridge at MM16.** The preliminary report is creek has washed out behind the wing wall and back of bridge. Maintenance is hauling rip-rap to the location. Matt is heading to the area to be on site. I contacted Dave Crumley and he will be also going to this area to check out the bridge and assess what needs to be done. Closure on MT66 is still in place.

**Bozeman**

5-21-11 7:43 AM  
**US-191 at MP 58.2.** Water is across the road. Debris has jammed up the water forcing it across the road. Crews are out working on the area to remove the debris.

5-21-11 9:00 AM  
**US-191 at MP 58.2 (Greek Creek Campgrounds).** The road is closed. Culvert is blocked caused by fallen rock and debris and is starting to wash road out. Crews are working to repair. MDT Personnel along with the Fire Dept and MT Highway Patrol are on site. **5:36 PM** Emergency Traffic and only necessary traffic will be piloted through the area. Still shut off to non-essential travel. **5-22-11 at 5:36 AM** Big Sky residents are being flagged through this area at this time.

**Miles City**

5-21-11 at 8:15 AM  
**S323 Eklaka to Alzada** is being closed. There is about 3-1/2 feet of water going over the road at Box Elder Creek.

5-21-11 6:45 PM  
**X44303 Rosebud & Forsyth MP 0.5–0.6.** The road is closed due to mudslides. Will need to wait until rain quits to get in to area to clear road.
